

## **BREEZELINE™ ACTIVATES FIRST CUSTOMERS IN CONCORD**

*Fiber internet with symmetrical speeds is available for the first time to homes and businesses in Concord, NH*

**QUINCY, Mass., March 14, 2022** – [Breezeline](#), the nation's eighth-largest cable operator, has activated its first residential and business customers in the city of Concord, New Hampshire, in the latest phase of the company's major expansion initiative in the state of New Hampshire.

In November, the company, formerly known as Atlantic Broadband, announced it would invest more than \$80 million in this fiscal year to expand its reach to nearly 70,000 additional homes and businesses in multiple communities in New Hampshire and West Virginia. In addition to Concord and Somersworth, which was activated last month, Breezeline will provide service to the communities of Dover, Durham and Madbury in New Hampshire, as well as Westover, Morgantown, Granville and Star City in West Virginia in the coming months.

Lightning-fast Fiber-to-the-Home (FTTH) technology is available for the very first time in Concord. Breezeline Fiber delivers symmetrical internet speeds, providing equal download and upload speeds, which is crucial for distance learning, work-from-home, telehealth, gaming and more.

Breezeline offers internet speeds of 200/200 Mbps, 500/500 Mbps and 1,000/1,000 Mbps (1 Gigabit) with no data caps. Business-class internet is also available in Concord with speeds up to 10 Gbps.

"We are pleased to be the first provider in Concord to offer Fiber-to-the-Home with symmetrical internet speeds," said Heather McCallion, Vice President Products and Programming for Breezeline. "This service will provide reliable, high performance internet speeds so customers can connect easily to everything that's important to them."

Meanwhile, [Breezeline Stream TV](#), a new cloud-based TV service, seamlessly integrates live TV, DVR, On Demand and popular streaming apps like Netflix, Amazon Prime, HBO Max, and Disney+ for viewing on devices inside and outside the home via a single, easy-to-use interface.

For more information about Breezeline's services, visit [breezeline.com/fiberiscoming](https://breezeline.com/fiberiscoming). Breezeline is a participant in the [Affordable Connectivity Program \(ACP\)](#). Under the program, Breezeline provides a discount of up to \$30 per month towards broadband service for eligible households (and up to \$75 per month for households on qualifying Tribal lands).

## **ABOUT BREEZELINE™**
