

Breezeline Extends Fiber Internet to Mill 23 at Coughlin Crossing in Delaware, Ohio

The U.S. internet provider deploys high-speed FTTH technology

DELAWARE, Ohio - July 9, 2024 – [Breezeline](#), a leading internet service, TV, phone and wireless services provider in the U.S., has extended its fiber facilities to the newly opened Mill 23 at Coughlin Crossing in Delaware, Ohio. This expansion allows residents to enjoy the benefits of Gigabit-speed internet through advanced Fiber-to-the-Home (FTTH) technology.

With Breezeline's FTTH technology, residents at Mill 23 will enjoy a powerful online experience with high-capacity bandwidth, exceptional download and upload speeds, and unmatched reliability. FTTH internet is perfect for data-intensive applications such as video conferencing, 4K video streaming, and uploading large files.

"We are pleased to bring our cutting-edge fiber technology to residents at Mill 23," said Nathan Robson, region director of operations for Breezeline. "Our goal is to provide residents throughout our Columbus and Cleveland service areas with the fastest and most reliable internet service, 24/7/365 support, and a range of innovative services to deliver a great connected experience."

Breezeline's services at Mill 23 include:

- **Fiber Internet** with superfast, symmetrical speeds up to 1Gbps, allowing residents to browse, stream, and download with lightning-fast efficiency.
- **A powerful managed WiFi solution** that ensures expanded coverage, enhanced reliability, and faster speeds in every corner of the home.
- **Breezeline TV**, which seamlessly integrates live TV, DVR, On Demand, and popular streaming apps like Netflix, Amazon Prime, Max, and Disney+. Residents can enjoy their favorite shows and movies on both TV and mobile devices, whether they're inside or outside their homes.
- **Breezeline Mobile**, a reliable nationwide mobile coverage service that offers unlimited talk & text and flexible data plans.
