BREEZELINE LEASED ACCESS INFORMATION

The US government has determined that cable operators shall designate channel capacity for commercial use by persons unaffiliated with the cable operator. The hope is to promote competition by delivering diverse sources of video programming and to assure the widest possible range of information.

Pursuant to 47 U.S.C. § 76.970(h)(6) the following individuals may be contacted for information about Breezeline's Leased Access.

For inquiries in our Florida and South Carolina systems, please contact:
